

# Communicating in an Emergency

- EMO Colchester**  
Communicating in an Emergency
- Limit non-emergency phone calls
  - If possible, use text messaging, email or social media, as these use less bandwidth than voice communications
  - If you must use a phone, keep your conversation brief
  - Keep extra batteries or a charger for your mobile device in your emergency kit
  - If you have a landline, keep at least one corded phone in your home
